11. Unikon Electronic Clock Information:

web site: unikon.de
Deister Electronics USA
9303 Grant Ave
Manassas, VA 20110
ph: 703-368-2739
email: sales.us@deister.com
Rept(California): Sonny Cangiarella
ph: 951-733-8370
email: flysonny@hotmail.com
Battery information: You should leave Data Logger/Race Computer and
Module (RBM) turned on. This will help batteries last longer
in according to Deister.

12. Electronic Band Registration Information:

- A. Send Racing Team List to Paul one month prior to start of racing season.
List should include band no., color, sex
- B. You will need to make appointment with Paul to scan electronic bands
for your birds before racing season starts.

13. Loft location (GPS) for racing:

Make appointment with Race Secretary to obtain GPS location for your loft
for calculating flying distances from race stations.

14. Calculators:

- A. Distance Calculator: [GPS Visualizer.com](http://GPSVisualizer.com)
- B. Velocity Calculator: racingpigeon.ie/calvelocity.html
